## About Us

Integrated Systems LLC is an independent locally owned company, established as a multi-division organization in 1996 in the Sultanate of Oman. The company is managed by a professional and highly experienced team focusing on fulfilling the technical and IT needs of a major governmental, industrial and commercial potential of Oman.

## Why Integrated Systems?

Our solid products have been developed our sourced, based on our years of experience in the industry. It works, and it works well because we listen to what our user base has to say. In effect, our users are responsible for the success of the product because it is designed to fit their needs.

We have a team of dedicated professionals who understand your business. Our continuous training programs keep them up to date with technology as well as with changes in the industry itself. They are dedicated to getting your systems up and running. We are proud of our entire team because we think they are the best in the business and they work hard to realize our vision.

## Our Vision:

Building long lasting relationships with customers through excelled service and support along with investing in our employees.

## Our Mission:

To be one of the leading solution providers and system integrators with innovative, initiative, unique products and achieve steady growth and regional presence supported by loyal customers and employees.

## CEO Message

After spending more than 27 years in the market and bringing radical changes in how technology is created, managed, and consumed as well as establishing strong credentials in executing complex projects with customers that include some of the largest brands in Oman in both the Government & Corporate Sectors with the help and support of our partners, customers and vendors, I am privileged to be writing this message as the CEO of Integrated Systems LLC.

As a company, we have witnessed a lot of changes over the past years but it is important to note that what has not changed is our commitment to providing exceptional client service. We have strived to deliver quality hardware & software solutions as our professional team is fully equipped to handle all our customers service requirements.

Looking ahead, we are focused on accelerating the execution of our growth strategy and achieving the vision of being a premier solutions company while continuing to build on the strength of our brand in digital transformation and bringing positive change to the communities which we work in.

I am incredibly excited about this journey and believe the best of Integrated Systems LLC is yet to come.
